

# RARO QUAD TOURS

Rarotonga

Raro Quad Tours offers an exciting Jungle Quad Adventure that takes you deep into the tropical mountains and valleys of Rarotonga. This is a 2 to 2.5 hour guided tour that is packed full of fun and offers a great way to discover, explore and experience all the thrills and challenges nature has to offer. It is conducted predominantly off-road, therefore expect lots of mud and puddles on rainy days.

A brief orientation and safety briefing is provided at the beginning of each tour before you start moving. Your vehicle is a fully automatic 350cc Yamaha Grizzly 4-Wheel Quad bike that can take you anywhere through rocky and muddy terrains, crossing streams to remote areas of our stunning island.

Morning or afternoon tours operate daily except Sunday and have only 7 spaces available on each tour. Transfers from and to your accommodation can be arranged however at an extra cost and an early notice must be given.

If you consider yourself a true adventurer you will not only love this tour but enjoy taking photos or selfies at the many beautiful stops along the way.

Conclude your Jungle Quad Adventure by cooling off up the mountain at the waterfall while enjoying the lush green scenery and a quick swim.
